

## **David V. Pattison – Report**

### **Local 002 Chapter 002**

#### **Brothers & Sisters:**

##### **Chapter & Local Involvement:**

It has been the honor to be a Council representative for the past four years. I have attended and contributed at all Chapter 2 Meeting (including Special Meetings) and all Local Council meetings since the last elections.

I am a member of the Local 002 Employee Relations Committee and Vice-Chair of the Anti-Privatization & Anti- Contracting Out Committee. These committees play have vital role in representing our Local 002 Chapter 002 interests. I acknowledge the hard work and commitment of all the Committee members.

##### **AUPE Education:**

I am active Union Steward having completed all of the courses and shadow training. Local 002 members often seek me out and from other Locals at my worksite (Neil Crawford centre). As a Union Steward, the position plays a strong role in creating an awareness of AUPE access for our members.

I have also completed the entire available training courses currently offered through AUPE. I believe that taking these courses is critical for members of Council and indeed members of AUPE.

##### **Convention:**

I attended all of the sessions at the 2017 Convention. Convention offers an opportunity to speak at the mic before delegates and to listen. AUPE is a large union. I always appreciate the common voices across the various components of our union that I hear and discuss ideas with at Convention.

In Solidarity

David V. Pattison
